

Solve **all** of your monologue problems once and for all!

Since 1993, Karen Kohlhaas, Off-Broadway director, Atlantic Theater Company co-founder, teacher, and author of **The Monologue Audition: A Practical Guide for Actors** has been teaching workshops in her unique approach to rehearsing audition monologues. Find out why actors say:

“I have never felt so prepared and proud of myself after an audition.”

“I’m getting more callbacks than ever, and I’m thrilled with how fun it is!”

“It is, without a doubt, the most specific and informative acting class I have ever taken.”

“I have been getting called back for every single audition I’ve been to since taking your class. I feel like an audition animal!”
